Ryan Bruno

ryan.bruno@marshall.usc.edu

Research Interests

I am interested in how moral judgments and decision-making influence consumer behavior

Education

PhD Student, Marketing | University of Southern California | 2025

Bachelor of Science, Neuroscience | DePaul University | 2017
Cum Laude

Selected Works Under Review

Wallace, L.E., Bruno, R., Kim, Y., Levine, E.E. (under review). *Perpetuating disadvantage and distrust: When leaders avoid victims due to concerns about distrust*

Works in Progress

Bruno, R., Cusimano, C., Silver, I., *Concealing the Consensus: People see equal viewpoint representation as fairer than representation in line with public or expert opinion.* Stage: Data Collection in Progress

Bruno, R., Silver, I., Levine, E.E. *The Proportional Harm Hypothesis: Subjective harm judgments of economic transgressions track proportional over absolute losses.* Stage: data collection in progress.

Bruno, R., Kazarovytska, F., Levine, E.E. *They'll Be Fine: Resources are seen as protection against unrelated harms.* Stage: data collection in progress.

Lee, J., Bruno, R., Wallace, L.E., Levine, E.E. *Similarity in Leader Identities Exacerbates Effect of Historical Distrust in Victims.* Stage: data collection in progress.

Medvedev, D., Bruno, R., Tong, R., Wei, L., Talhelm, T. *Monetary and Psychological Incentives across Cultures.* Stage: data collection in progress.

Accepted Conference Talks

ACR 2026

Bruno, R., Cusimano, C., Silver, I., *On the Appeal of "Both-Sides" News Coverage: People prefer equal viewpoint representation over representation in line with public or expert opinion*
